

Nightly Cleaning Process

- 1) Check to make sure there are no products that need to be replaced on dashboard**
- 2) Removed the parts for the ice dispenser and bottom steel pan and run through the dish pit on flat rack.**
- 3) Remove the main nozzle and let it soak in sanitizer as you clean the machine and parts.**
- 4) Use red bristle brush to scrub the area around where the syrup is dispensed with sanitizer.**
- 5) Wipe out inner steel walls and black drain area below with Multi surface.**
- 6) Use Kettle to pour hot water down the drain area of each machine**
- 7) Replace all clean parts**
- 8) Wipe down outside of machine with Mult surface-top to bottom.**
